“The exceptional staff at CRA of Florida should be commended for their excellent handling of the Neighborhood Stabilization Program (NSP) and their collective roles in assisting me to realize my dream of homeownership in the beautiful city of Pembroke Pines...My experience was very positive, even from the initial application process...This experience would not have been as fulfilling if it weren't for the staff members at CRA of Florida, including those behind the scenes who played a major part. I am more than happy with CRA of Florida's efforts and would readily recommend their services.”

“We would like to thank everyone who assisted us in this process from the beginning to the end. We especially thank CRA of Florida and the City of Deerfield for assisting our family during our difficult time. Our home is now secure and energy efficient...This program has not only made an impact to our home, but to our community as well. In the future, we hope this program will continue to assist other homeowners throughout our city.”

“How can I not say thanks to such a beautiful group of young people? From the front of the office to the back, everyone treated me as I was the only person in need.”
